Benefits

SHRI KRISHNA BHIMSENI KAPOOR

Shri Krishna Bhimseni Kapoor has the following therapeutic uses:

Kills Germs in The Air

Shri Krishna Bhimseni Kapoor is a natural air purifier that kills germs and microorganisms in the vicinity. Generally, it is placed on Kapoor Dani and burnt using a match stick. It burns quickly, spreading a nice fragrance and freshening up the air. It actively kills germs while it is burning.

Insect Repellent

Shri Krishna Bhimseni Kapoor is an insect repellent that can be wrapped in a handkerchief inside your cupboard or wardrobe to keep mites and pests away. Tossing a few camphor pieces around your bed will also keep those pesky pets at bay. Some people prefer to **purify the air in the bedroom by burning Bhimseni Kapoor in their bedroom before going to sleep.** When you have a cockroach infestation in your kitchen, toss a few Bhimseni Kapoor pieces around dark places and burn a couple of pieces every night. It will drive all the insects away.

Helps Treat Colds and Cough

Shri Krishna Camphor is generally considered a good remedy for colds and coughs. Instead of using synthetic products like Vaporub, you can opt for a natural alternative such as Bhimseni Kapoor. For instant relief, you can simply crush a small piece of camphor in boiling water and inhale the steam to get relief from a nasal block. You can also crush it with essential oils and apply it to the chest and head to relieve a stuffy nose. For small children, you can tie a small piece of **Shri Krishna Bhimseni Kapoor in a small cloth bag and keep it beside the pillow for a good night's sleep.**

SHIV GANGA CHANDAN POWDER (SUGANDA WALA)

Chandan, or sandalwood, has been used since time immemorial in our puja rituals, festivals, and social customs. Chandan powder is mainly used in our religious ceremonies as a holy offering to the deities and to adorn them with a 'tilak'. It is worn as a tilak or tika on our foreheads as well for its cooling effects on one's mind and body.

Shiv Ganga Chandan Powder (Sugandwala) is pure and has been sourced with the utmost care. It has no added preservatives, colorants, fragrances, or traces of pesticides and preserves complete essence and nutritional values.

SHRI KRISHNA KUMKUM

Kumkum Powder is a religious and social symbol of Hinduism. Devotees wear it during auspicious occasions and also after completing their daily prayers.

It is also used in havans and by women for Suhaag Sindoor. **Shri Krishna Kumkum Powder is 100% natural Kumkum Powder** that doesn't leave any stains on your skin. It has a vibrant red colour with no side effects or skin reactions.

GUGGAL

Guggal is a traditional Vedic purifying element that is used in hawans or for spreading positivity in homes and places of work. Its enchanting fragrance relieves stress, and anxiety and removes negative energy from the vicinity.

Vastu experts highly recommend the daily use of Guggal at homes and offices for attracting wealth and prosperity.

KARPUR OIL

Camphor oil is the oil extracted from the wood of camphor trees and processed by steam distillation.

Made from **100% pure and natural ingredients**, it can be used topically to relieve pain, irritation, and itching. Camphor Oil is also used to relieve chest congestion and inflammatory conditions. It has a strong odor and therapeutic properties and is easily absorbed through the skin.

SHRI KRISHNA LIGHTING Cotton Wicks

In Indian tradition and spirituality, lighting a Ghee Diya has its own significance.

It is considered a medium to reach out to the divine energies and for the very same purpose, Shri Krishna Lighting Cotton Wicks come in handy. It invites positivity and helps in getting rid of all the negative energy in the house. You can use them to light Diya lamps during auspicious events or even for your everyday pooja.

SPECIAL CAMPHOR

Burning camphor at home purifies the air at home which in turn helps in bringing positivity and peace to the body and mind and soul and helps in getting rid of all the negativity in the house. Camphor has a special place in Indian rituals and is used for puja at home. As per Vastu Shastra, there are various benefits of keeping camphor at home.

SANDALO SANDALWOOD POWDER

Sandalwood is a virtual ware house of goodness and has antiseptic, astringent, anti-inflammatory and disinfectant properties. The antiseptic quality of sandalwood benefits to treat rashes, acne, blackheads and other skin eruptions. Its germicidal quality inhibits the growth of bacteria. It is also a natural astringent, especially for oily skin and also helps in toning up

Sandalwood is cooling to the skin. It has anti-inflammatory, emollient, cicatrisant (healing of scar tissue), and mild astringent properties. Thus, a sandalwood face mask is good for both oily/blemished skin and mature skin. The variables would be the carrier of the sandalwood paste/powder and any additional ingredients (according to skin type and issues).
